# diverse environments

# form & function

Sleek and exquisite, Celére lockers complement the design and furnishings of your facility. Rich, vivid colors on double-panel steel doors or dual-layer tempered glass doors match room style. Euro soft-close hinges promote quiet operation and protect locker doors. Celére lockers are breathable with fully-ventilated locker backs that promote air flow.

CELARE

# strong & secure

Cel re locker doors provide complete perimeter coverage on reinforced frames for extra security. Heavy gauge steel bodies are engineered to withstand heavy use in demanding environments. All Cel re lockers are secured by Digilock, the global leader in electronic lock solution. Achieve ultimate security with Digilock's solid-metal lock housing, tamper guard, reinforced latching, and its unique Manager Bypass Key for easy and efficient lock management.
