SOLID HARDWOOD FLOORS

PRODUCTSELECTION

CREATIVE CLASSICS. BY YOU
A Junckers floor is for real life
There is no substitute for quality. This has been our premise since Junckers began producing solid wooden floors some 80 years ago. Our floors are made for life - meaning real people’s real lives, to look beautiful through generations of daily use. We employ unique manufacturing techniques synonymous only with Junckers, and each of our floors bears the hallmarks of remarkable craftsmanship.

Grades and prefinishes from factory
No two trees are the same. No two cuts. No two floor boards. Each plays its own lyrical tune, composed by weather, seasons and forest wildlife for the best part of a century. That’s the very charm and challenge of working with wood. A Junckers floor will be unique to you.

To create a harmonious, individual result, we select and sort the wood for each floor. You can choose between three grades of graining:

- **CLASSIC**
  - A very even colour and uniform appearance

- **HARMONY**
  - A natural appearance with more colour and grain variation

- **VARIATION**
  - A very rustic look with lots of colour and graining

Style grading charts on every product are available.

Choice of 4 different finishes from factory, Untreated, Ultra matt lacquered finish, Silk matt lacquered finish and oiled finish.

Underfloor Heating
Underfloor heating is an economical, luxurious and very elegant solution without visible pipes and heaters. It works to perfection under Junckers solid hardwood floors because, unlike tiles and stone, solid wood is naturally warm and pleasant, whether or not the heating is on.

Junckers ships decking
Wood is a living material that changes slightly with the seasons. During summer periods of high humidity the floorboards will expand a little, just as they will contract during winter and drier seasons, leaving small, natural gaps between them. This is the innate character of wood. However, applying Junckers Ships Decking System, neoprene strips between the boards will absorb the movements so that the floor will look the same all year round. More than that, the visible neoprene strips will enhance each board to create a spectacularly elegant floor that will appear equally harmonious and robust. Whatever the season, let your mind wander to warmer days at the beach.

Junckers Woodcare System
includes a complete range of products for treating and maintaining your wooden floors and over time, you can watch your floors grow more beautiful.

Junckers daily care
A Junckers floor is easy to clean thanks to the high quality and professional finish. Sweeping or vacuum cleaning your floor will get rid of most dust and dirt. To clean a stained floor, damp cleaning usually does the trick. To keep your floors looking stunning, use Junckers professional clean and care products, designed to nourish and maintain the wood while you clean.

Junckers oils and lacquers
Using Junckers professional oils and lacquers, you can create the exact look and surface quality that you wish. Use a discreet finish to let the wood speak for itself or create a distinct look with a surprising colour or finish. Junckers oil and lacquer products are water-based, easy to use and produce a professional and durable result. Should you ever have a change of heart; our solid floors can be sanded again and again, allowing you to start all over again with a fresh design idea.

Junckers Full Range
Junckers offers a comprehensive selection of accessories including solid prefinished hardwood matching mouldings and undercarriage systems.

In a creative universe where every interior detail and element is carefully selected, a specially designed floor will complete the individual design story and amplify the total experience of your living area or workspace. Delve into the possibilities of new finishes, reflective surfaces, pearl shines, enhanced textures, bright colours or subtle tones – the natural quality of solid wood remains ever present. Add a twist in classical surroundings or make a bold statement. But most of all: Give the floor a thought – give it an idea.

Textured and coloured planks

Textured

Textured surface
Junckers unique textured oak floors have an attractive distinct surface that is produced via a special hard-brushing technique developed by Junckers. By moving the softer sapwood from the upper surface of the wood, the tougher and darker heartwood is raised, showing off the lively grain structure in a silky-soft surface.

Our solid single stave blocks and whalebone planks will bring an exclusive feel to any space. Each unique stave or plank stems from a tree individually shaped and aged by weather, seasons and forest wildlife for the best part of a century.

Junckers single staves are delivered unfinished, so you can select your preferred surface treatment. Junckers professional lacquer and oil products guarantee you a very hardwearing and exclusive floor with minimal maintenance.

Junckers whalebone planks can be delivered unfinished to be sealed on site or prefinished from factory. Choose lacquer, oil or one of our well known colour solution for the whalebone plank.

Junckers Single Stave Blocks or Whalebone planks are available in the following wood species, dimensions and styles:
