

COMPETE ATHLETIC TURF [CL-COMP] SELL SHEET

COMPETE Turf System is ideal for team sport applications with real ball reaction for a game ready surface. Used primarily for competition sport surfaces and outdoor Functional Fitness areas, including sprint and sled lanes. It features our most durable long-blade grass, using a parallel slit fiber technology. COMPETE is a premium infill turf system. COMPETE turf has a polyurethane backing and can be installed over concrete or a compacted aggregate base.

Available in a variety of colors in 15' widths.
