

SYNTHETIC BENCHING *for commercial saunas*

PAGE 1 OF 2

For an easy to maintain sauna bench, with a beautiful wood-like finish. These synthetic boards have color variations with a wood grain texture, so benches take on the look of true wood. Made from 100% virgin material, these benches contain no organic materials therefore making them water resistant and resilient to mold, mildew, and staining. This material does not splinter, warp or crack under normal use – and maintenance is easy.

Available in a Cedar-like finish

Resistant to oils, mold and staining

Easy to clean and maintain

Realistic coloring and texture

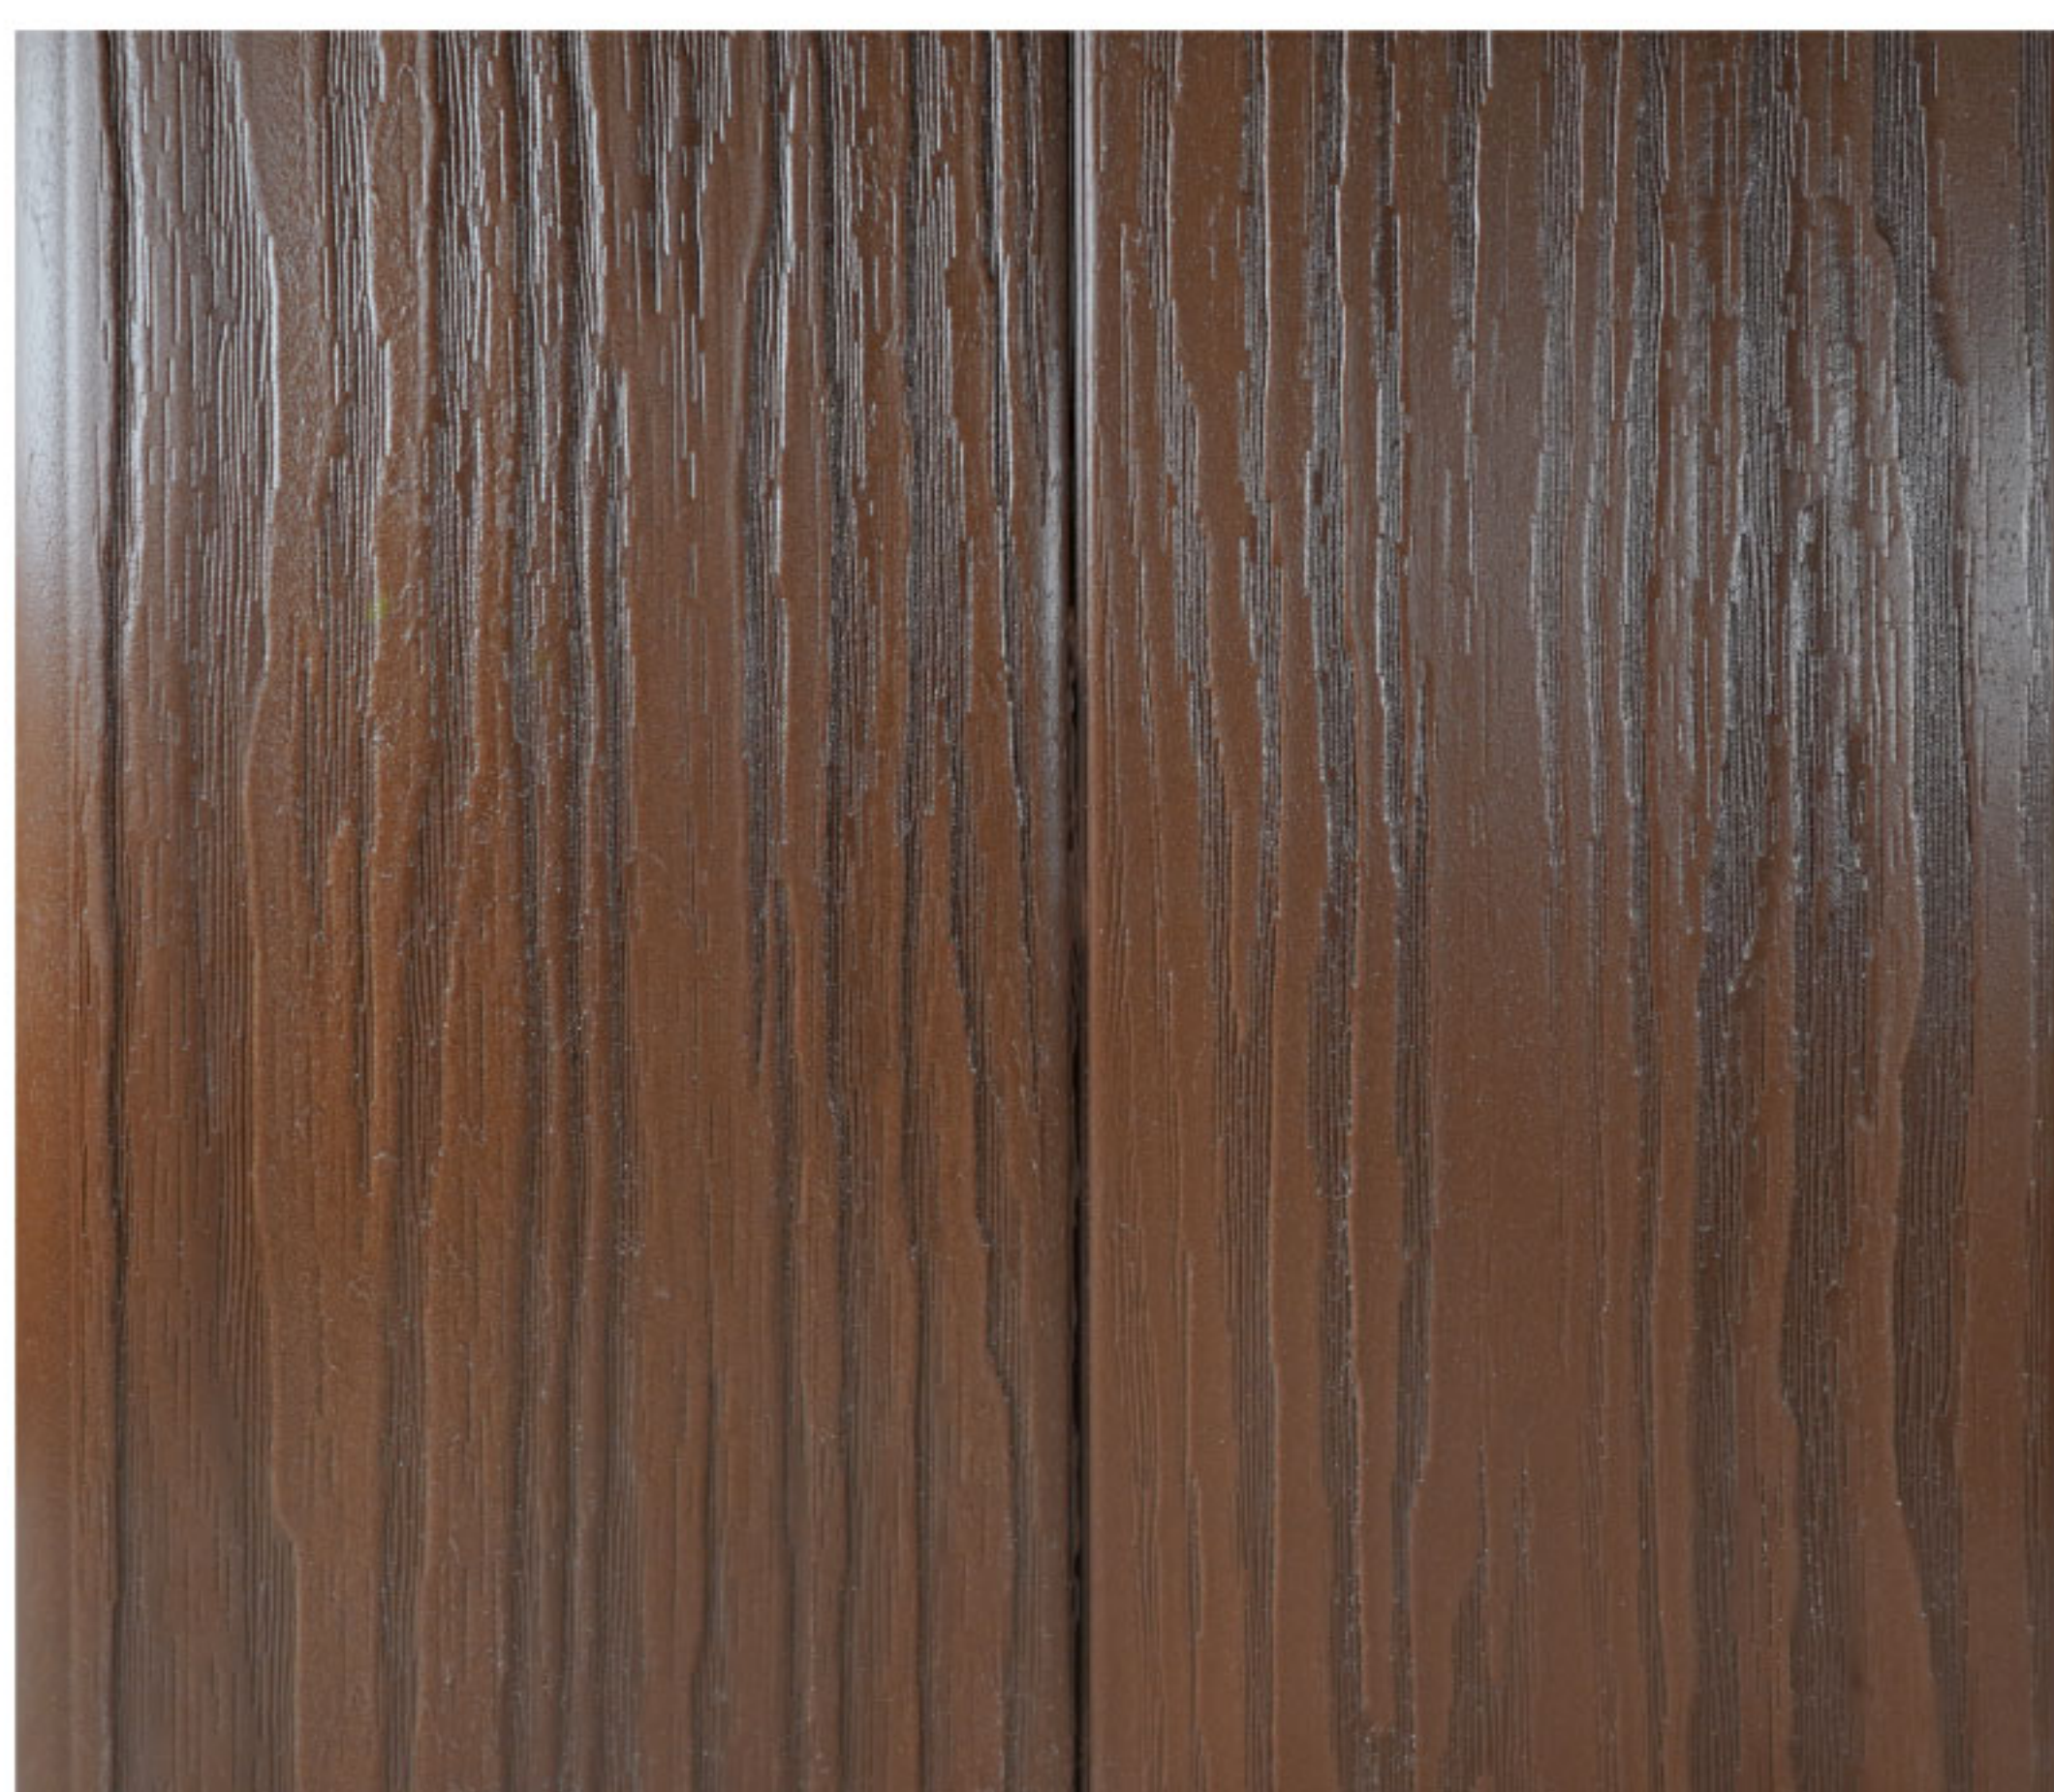

SYNTHETIC BENCHING *for commercial saunas*

Commercial Sauna Seating for use in conjunction with the CRG Sauna System

PAGE 2 OF 2
