

# MONDOARMOR

## WEIGHT ROOM FLOORING

### MONDOARMOR

Engineered to withstand the weight and abuse of sport equipment in strength and conditioning areas. Designed for free weight platforms for use in intensive weight and conditioning activity.

## SPECIFICATIONS

Texture:	Sealskin
Top Layer:	15/64" (6 mm)
Baselast EX:	15/32" (12 mm)
Finished Product:	23/32" (18 mm)
Roll Width:	6' 1" (1.86 m)
Roll Length:	39'4" (12 m)*

## COLORS\*\*

## EXCEPTIONAL WEIGHT RESISTANT FLOORING

Unique 18mm vulcanized multilayered system (6 mm performance layer combined with Baselast EX 12 mm backing) with rubber performance layer which is engineered to withstand the weight and abuse of sport equipment in strength and conditioning areas. Designed for free weight platforms for use in intensive weight and conditioning activity. Provides outstanding comfort and foot stability. Triple durometer construction (3 layer structure) provides excellent resistance to impact due to a total thickness of 18 mm.

## PERFORMANCE LAYER

- Solid homogeneous virgin rubber wear layer
- Engineered to withstand intensive and repetitive impact from strength and conditioning drills and equipment
- Antibacterial and antimicrobial throughout
- Highly slip resistant
- Non porous surface provides ease of maintenance, in addition to excellent resistance against bacterial growth and odor.
- No harmful off-gassing and its related allergic reactions.

## SHOCK ABSORPTION LAYER

- The unique honeycomb-shaped backing texture is protected under industrial design law
- Optimum stability and comfort to perform for long intensive training sessions
- Unique construction provides superior protection against heavy impact

## MONDOARMOR ADVANTAGES

- Triple durometer construction
- 100% recyclable
- High sound absorption characteristics  $\Delta IIC$  25dB ( $\Delta IIC$  53dB)
- >28% shock absorption (ASTM F2772)
- 2.5 mm vertical deformation (ASTM F2772)

Printed in Canada - Revised 11/2017
